Tuesday 18th June  Peterborough Civic Society (evening).
Tuesday 25th June  Handover (lunch).
Tuesday 2nd July  Club Council (evening).

This edition is created one day before the European Cup Final and even if you are fortunate enough not to support either team hopefully readers will support Rotary!

Those who visited amazing Amazon now realise that they have more leisure time. All you need to do is sit behind a keyboard and shop. Is this really the future?

The Showcase Evening is a chance to bring others to see what is undertaken by the club and those who benefit. Are you bringing a guest or know someone interested?

After looking at the Bourge programme I realise that those taking part in all events may need high energy stimulants and more so if playing in the charity golf day.

Handover is at the end of June when Aasiyah Joseph takes over as President with a new Rotary year theme and club programme of events which will be published.
