Diary:
Sunday 1st September  Sunday Lunch at Corby Glen.
Tuesday 3rd September  An evening with DG Rodney Spokes. (evening)
Thursday 5th September  Charity Golf Day at Peterborough Milton.
Tuesday 10th September  Club Council. (lunch)
Tuesday 17th September  Humans need not apply. Chris Haythornthwaite. (evening).
Tuesday 24th September  Leanne Hodgson, Deafblind UK. (lunch)
Tuesday 1st October  Fun Night. (evening)

I am reminded that 1st September is the first day of autumn but also a sixth of the way through the Rotary year with District Governor the 2019-2020 District 1070 Governor making a visit from Leicester at the start of the month.

Given the blistering heat and humidity of the Bank Holiday with temperatures reach 33°C it is hoped that this will not give rise to thunderstorms as on Thursday 5th the postponed Charity Golf Day will take place at Peterborough Milton Golf Club. I can confirm that the balls used will those now redundant from bingo since even that is now digital.

Rotary the World Over?
At the Cathedral until 15th September is the seven metre globe Gaia-Earth by Luke Jerram, best seen illuminated in the evening including music with a small charge of £2.00 and an additional £2.50 to view from above. Truly an experience not to be missed.

You will see that our programme is varied and if you are not a member but are interested why not come along and listen. On 16th the presentation is about on the impact on society and travel due to artificial intelligence and driverless vehicles. Besides global warming a view of the future of the world we inhabit below.
